Personal Summary

A passionate Front-End Developer focused on web development and enhancing user experience. I possess problem-solving skills and enjoy coming up with innovative solutions. I believe in continuous learning and personal growth. I work hard to improve my technical and personal skills, and I am always looking for opportunities to contribute to great projects. My goal is to be part of a team that contributes to the advancement of the field.

Career Goal

I aim to become a successful and renowned Front-End Developer by continuously improving my skills and contributing to innovative projects. I look forward to opportunities that highlight my skills and help me grow in the field of web development.

Education

Al-Azhar University

Degree: Bachelor's in Engineering, Department of Systems and Information

Start Year: 2021

Expected Graduation Year: 2026

Technical Skills

Programming Languages: HTML, CSS, JavaScript

Frameworks & Libraries: Bootstrap, Tailwind, React.js

Development Tools: Git, VS Code

Work Experience

Instructor in Front-End Development Track (GDC)

- Trained university students in the basics and advanced concepts of front-end development.
- Developed interactive and hands-on learning materials.

Online Training and Courses

- Participated in online courses and training programs at ITI to enhance technical and personal skills.

Professional Interests

I am passionate about enhancing user experience and achieving seamless interaction between users and interfaces. I am always looking for new technologies in web development, particularly in areas such as performance optimization, Progressive Web Apps (PWA), and improving interaction using React. I keep up with the latest trends in responsive design and UX to improve the effectiveness of the projects I contribute to.

Personal Skills
